EDUCATION:

Degree	Sandip University	Current GPA: 9.28
Diploma	N.D.M.V.P	Score: %78.24
10 th Board Exam	Kilbil St. Joseph	Score: %70.00

ABOUT ME:

I am a student from Sandip University Nashik currently pursuing a degree in Computer Science & Engineering.

I am interested in learning new technologies and I am interesting in taking the role of an intern in your company to expand my knowledge and also gain some experience.

PROJECTS:

- Covid Tracker using React.js - This project was done by me as a mini project for my college the main technologies used are **React.js**, **HTML**, **CSS** and **Material UI**.
- Gesture-controlled Robot – This project was my final year **diploma** project. It was build using a **raspberry pi** and the main language used in this project was **python**.
- Plastic Detection using YOLOV5 – This project was the last year **B.Tech** project which uses YOLO (You Only Look Once) technique. This project mainly involves **Python**, **PyTorch**, **Jupyter** & **CUDA** (NVidia).

SKILLS:

1. HTML
2. CSS
3. React.js
4. JavaScript
5. Python

INTERESTS:

- Anime
- Football
- Basketball
- Gaming
- Manga
